INTRODUCTION

Ambitious Construction Company Limited

Building and Civil Engineering Contractors

We build buildings that stir emotions;
Urban infrastructure that influences human wellbeing; Commercial spaces that inspire growth; And places that make a difference.

For over 30 years, Ambitious Construction Company Ltd has been significantly contributing to the development and infrastructure of the East African region, cementing our position as the leading construction partners for commercial, private, and public projects.

High rises, dams, schools, hospitals, water, sanitation and irrigation systems... we are synonymous with the construction ecosystem, constructing buildings, and creating environments that make a difference.

PURPOSE

To build and construct spaces that make a difference.

MISSION

To consistently adhere to the highest professional standards in planning, execution, quality control, health, safety and environment norms, timely competition, with a focus on value for money for our clients.

VISION

To consistently advance engineering and technology excellence in building and construction works for the development of Uganda and the East African region.

Ambitious Construction Company Limited in numbers

**OVER 3 DECADES
OF LEGACY**

**1500+ WORKERS
ACROSS SITES**

OUR VALUES

Customer centricity

We keep our clients at the heart of our business; always strive to exceed customer expectations; understand their unique needs; create experiences via built environments

Collaboration and partnership

We bring together disciplines, perspectives, experts, and geographies to work together. We enhance our capabilities through collaboration & embrace our clients' and stakeholders' perspectives and feedback through a partnership approach. We dream big, together.

Innovation and excellence

Pioneering. Redefining. Pushing the limits of construction technology. Introducing new solutions. Transforming the way we build. We work with the best global multi-disciplinary teams, alliance partners, and advanced technologies to deliver excellence locally.

Health and Safety

Just as it is in our homes, we foster a caring and safe, incident-free work environment for our workers, employees and stakeholders. We prioritize safety, security, ethics, and integrity, conducting construction work in compliance with health and safety laws and regulations.

Environmental sustainability

We comply with environmental protection rules and law, and follow effective and responsible waste management and disposal practices.

“

**We consider the health
and safety of each of
our employees to be of
primary importance**

OUR SERVICES

Ambitious Construction Company Limited delivers infrastructure, building, and construction solutions and services in the commercial, private and public sectors. For over three decades, we have been making a lasting impact on people and places across the East African region.

- Architectural Design & Build Works(Renovation & New Building Works)
- Irrigation Schemes
- Road Works, Bridges & Drainage System
- Metal & Wood Works and Furniture
- Precast Concrete Products
- Electrical Installation (In Building Installation, Hv/Lv Power Lines, Street Light & Solar Installation)
- Mechanical Installation - (Ac Works, Plumbing Works, Fire Fithing & Lifts)
- Sanitation & Water Supply
- Stone Mining

Sectors

Commercial

Re-imagining buildings for economic progress and growth

We conceptualize and execute commercial spaces, offices, industrial facilities, sports & leisure infrastructure, and healthcare facilities that form a key part of urban regeneration strategies. We support clients in these highly regulated markets with the best minds in the industry, bringing experience, expertise, and innovative solutions to the table. From technological innovation, expertise in planning, execution, operations, to time and cost efficiency, we produce the best outcomes for growth and progress.

Building learning environments for a better future

Primary and secondary schools, technical institutes, and university campuses we have delivered several projects in Uganda's academic sector. Our core purpose is to provide a strong foundation to society's progress combined with the understanding of a need for advanced learning environments.

Central to our approach is engaging with key stakeholders in the public sector to develop academic environments that give students the best opportunities to learn. Combining this with our engineering expertise produces the highest quality learning environments that will benefit future generations. We undertake brand new construction projects and refurbishment and extension of existing campuses.

CTF Building - Kyambogo University

Creating built environment interventions, impacting human wellbeing

Ambitious Construction Company Limited is at the forefront of shaping the future of public spaces in Uganda. We create safe, sustainable, flexible, and dynamic public spaces by working hand in hand with local authorities, local communities, the central government, and the private sector.

We collaborate closely with our clients to consult, finance, design, build, and manage essential public infrastructure. Our projects are designed to meet community needs, stimulate economic growth and enhance sustainability, allowing communities to grow and prosper.

Construction of a 6 level cancer ward building

Irrigation infrastructure

Meeting the toughest challenges with efficient solutions

With our extensive expertise in planning, designing, and executing irrigation schemes, we build the pillars of economic, social, environmental, energy, and regional development. Our integrated approach and social responsibility to meet specific needs based on water availability and use, has earned the trust of local authorities, government, and public-private partnership

Our specialization includes solid set sprinkler systems, canalization, filtration, electrical and pump stations, using the most effective equipment, methods and materials for the application by utilizing computer aided design software and GPS mapping precision in order to maintain accuracy. We provide customers with the most efficient, cost effective and user friendly operation possible.

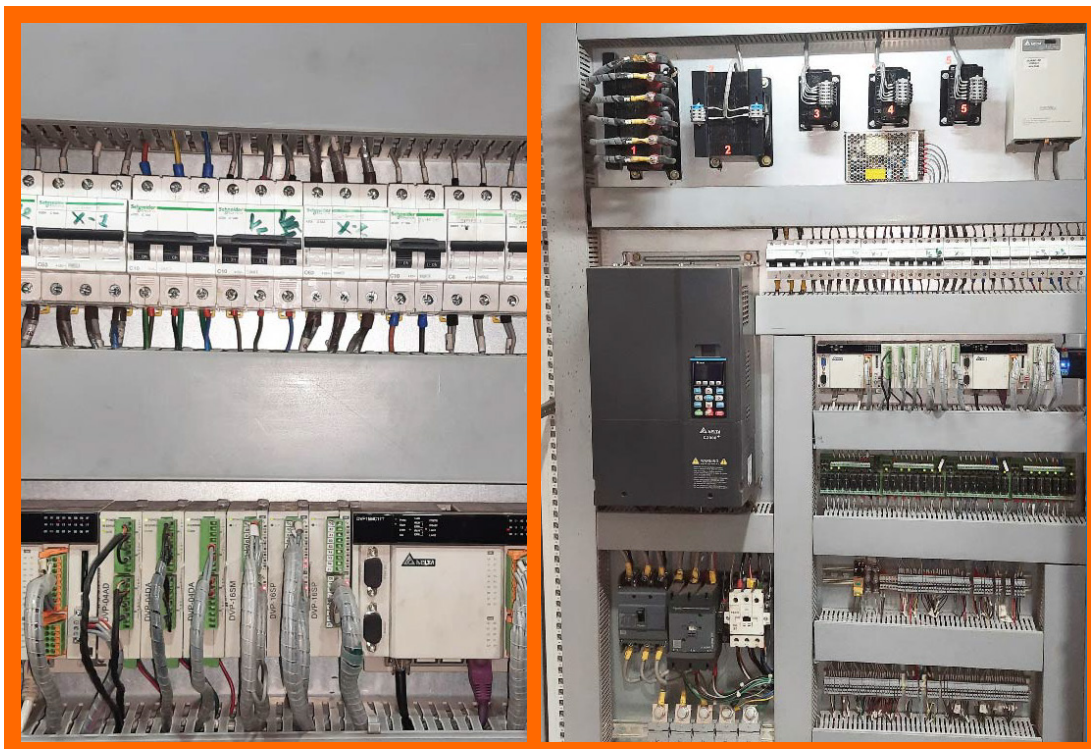

Tochi Irrigation Scheme – Oyam

Electrical Installation

Powering the future, one connection at a time

Ambitious Construction Company Limited delivers electrical installation solutions for commercial, residential, agricultural and industrial projects. Informed by our in depth expertise, we deliver the highest-level of planning, designing, selection, installation, commission, testing, maintenance, investigation of faults, and repairing solutions. Our approach involves global technology delivered locally.

Our team of certified experts and managers ensure safety, efficiency, and reliability in accordance with compliance with attention to detail at every step of the project. We pride ourselves for powering our clients' spaces with top notch electrical installation solutions and services tailored to meet their unique needs.

Water and Sanitation

Ensuring safe, reliable water and sanitation for communities

Ambitious Construction Company Limited offers multi disciplinary solutions and services for the development, redevelopment, repair and management of water and sanitation systems. Our expertise spans a full portfolio of solutions for commercial, residential, industrial, and public projects installations, upgrades, modifications to water and sewer conveyance mechanical systems, including sewer construction, manholes, water storage facilities, process mechanical equipment installations including pumps, piping, valves, screens, odor controls, and electrical control systems.

Through our innovative, sustainable and integrated water engineering solutions, we provide dependable water supply to communities, sustain natural environments, help prevent water shortages, and ensure safe and healthy environments for communities.

Mechanical and plumbing installation

Trusted partner for mechanical and plumbing expertise

Clients across Uganda trust Ambitious Construction Company Limited to solve the toughest mechanical and plumbing installation challenges. No matter the scale and ambition of projects, we design and build them with a commitment to providing on time, budget friendly and seamless outcomes.

We bring experienced experts from multiple disciplines including planners, technicians, designers, and contractors and work in collaboration with clients to deliver tailored solutions, including sprinkler systems, fire fighting systems, cold and hot tap water supply, sewage systems, septic tank systems, gray water recovery and treatment systems, plumbing drainage systems, rainwater, surface, and sub surface water drainage, and commercial gas piping

Road Works & Bridges

Paving the path forward with roads and bridges

We strategically meet urban and regional goals through our construction works in the roads and bridges sectors. Our expertise includes grading of new gravel roads, tarmac, paved and bridges, restoration of existing roads, among others, in various parts of Uganda.

Our work in construction and restoration of bridges ensures quality, efficiency, and safety for vehicles and people by adhering to environmental standards. Meanwhile, we ensure we beautify and add aesthetic character to the bridges and serve the multi fold purpose they are designed for.

Stone Quarry

- Aggregates
- Road Base Stone
- Stone Dust

Stone Quarry:- Matugga, Gulu & Mbale

Shopping Center and Office Building - Kampala

Mayfair Casino - Kampala

KMM / JMM Bungalow - Kakira Sugar

UBC TV Studio Complex - Kampala

Staff Accomodation block - Mbale Regional Refferal Hospital

UNBS LAB, Kampala

All Saints Cathedral - Kampala

Kitalya Prison - Wakiso

Gulu Logistics Hub - Gulu

Commercial and Residential Complex Building for UMEA - Kampala

Refurbishment of Uganda House - Nairobi, Kenya

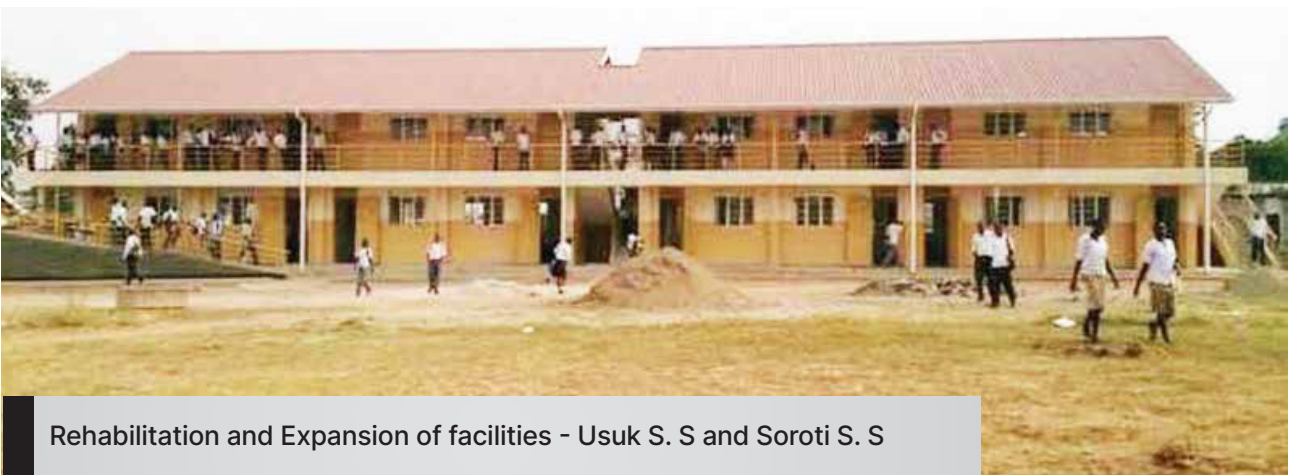

Uganda Wildlife Research & Trainnig institute - Katewe, Kasese

Rukungiri Technical Institute - Rukungiri

Rehabilitation and Expansion of facilities - Usuk S. S and Soroti S. S

Muni University Phase I, II, III - Arua

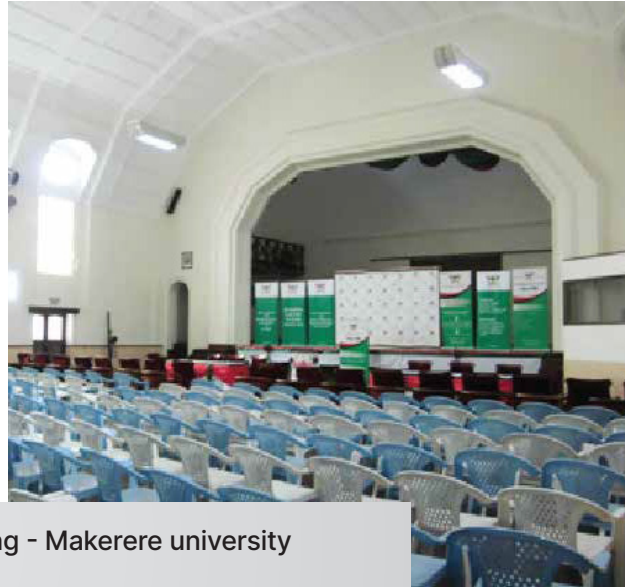

National Teacher's College (NTC - Muni), Arua

Faculty of Business Computing - MUBS Nakawa

New Building & Rehabilitation Laboratory Kyambogo University - Kampala

Renovation Works at Main Administration building - Makerere university

Nakaseke Technical institute - Nakaseke

Ahmed Seguya Memorial Technical institute - Kayunga

Uganda Technical College - Kichwamba

Uganda Petroleum Institute - Kigumba

UTC - Lira

Nyendo Market, Masaka

Central Market, Mbale

BEZ Mpondwe Market - Kasese

One Stop Border Post, Mpondwe - Kasese District

URA Regional Office - Masaka

OUR EQUIPMENTS

Excavators & Tractors

- **30 Units** - Excavator 15 - 37 Ton & HITACHI 210 LR
- **4 Units** - Dozer CAT D7k & D6k
- **3 Units** - Chain Loader CAT 955 & 963
- **5 Units** - Motor Grader CAT
- **19 Units** - Wheel Loader JCB, Doosan & John Deere
- **12 Units** - Back Hoe JCB 3DX Super & CAT 428F
- **4 Units** - Tractor with Trolley TAFE
- **5 Units** - Concrete Breaker
- **5 Units** - Compressed Air Drilling Machine
- **1 Unit** - Telehandler

Concrete Mixers

- **4 Units** - CarMix 3.5TT Self-Loading Mixer
- **8 Units** - Transit Mixer Truck 8m³
- **5 Unit** - Batching Plant 30m³/ Hrs. KYB Batching Plant
- **8 Units** - Concrete Pump - (Greaves, Aquarius, & Putzmeister)
- **2 Units** - Cement Soli 60 & 80 Ton
- **51 Units** - Reversible Mixer Machine, Diesel Engine and Electrical
- **6 Units** - Block Making Machines - Egg Laying Type
- **3 Units** - Block / Paver Making Machine Hydraulic Type
- **5 Unit** - Block / Paver Making Machine Automatic

Vehicles

- **5 Units** - Trailer Head
- **5 Units** - H/D Low bed, Trailer & Tipper Trailer
- **50 Units** - Tipper Truck 15 - 25 Ton TATA & ISUZU
- **5 Units** - Water Bowser 15,000lts
- **4 Units** - Fuel Bowser 3,000lts
- **3 Units** - Crane Truck
- **2 Units** - Long Chase Trucks
- **8 Units** - Tipper Truck 2 - 4 Ton
- **8 Units** - Single / Double Cabin Pickup
- **17 Units** - Station Wagon SUV - Saloon Car
- **2 Units** - Telescopic Crane

Compacting Equipment

- **9 Units** – Dynapac 10, 12, & 16 Ton
- **6 Units** – Ride-on Type Twin Drum Roller 3.5 Ton
- **20 Units** – Pedestrian Roller Machine
- **16 Units** – Plate Compactor
- **47 Units** – Jumping Compactor Machine
- **9 Units** – Air Compressor 100lts - 500lts
- **2 Units** – Compressor with Jack Hammer
- **11 Units** – Power Float Machine
- **6 Units** – Electrical Vibrator Platform for Precast Concrete Work
- **84 Units** – Poker Drive Unit
- **1 Unit** – Truss Screed Vibrator / Leveling

Crane & Hoists

- **1 Unit** – Tower Crane
- **1 Unit** – Passenger/Material Hoist
- **1 Unit** – Aluminum Cradle
- **26 Units** – Lift Machine (Mechanical Hoist)

Survey & Testing Equipments

- **2 Units** – Total Station – Topcon Touch Screen Windows
- **19 Units** – Dumpy Level
- **2 Units** – Theodolite with Aluminum Staff
- **2 Units** – Pressure Testing Machine (25 Bar Pressure)
- **1 Set** – Atterberg Limits
- **5 Units** – Ultimate Compression Strength Manual & Automatic
- **1 Set** – Moisture Content
- **1 Set** – Specific Gravity
- **1 Set** – Sieve Analysis
- **1 Set** – California Bearing Ratio
- **1 Set** – Hydrometer
- **1 Set** – Compaction Test

Generators

- **10 Units** - Generator 20kva – 550kva
- **1 Unit**- Mobile Electric Generator with Tower Light

Formwork

- **3,500 Set** - Scaffolding
- **3 Unit** - HBDF Pipe Butt Fusion Welding Machine
- **6,000sqmt** - Shuttering Plate
- **1,200sqmt** - Shuttering Wall Plate
- **11,000 units** - Shuttering Standing Pipes (6m) with Swivel Coupler
- **14,000 Units** - Props

Water Pumps

- **10 Units** - Mud Pump 3in (80mm)
- **35 Units** - Water Pumps 2"- 4"
- **2 Units** - Diesel & Electrical Pump 6"

Water Tank & Containers

- **17 Units** - Water Tank 10,000 – 15,000lts (Metal)
- **22 Units** - Containers 40Ft & 20Ft
- **5 Units** – Prefab office Containers 20Ft

Metal Workshop Machinery

- **1 Unit** - CNC Plasma Cutting Machine MS-3B-3260HD
- **1 Unit** - 250/3200 Ton Hydraulic Press Brake with E21 System(Bending)
- **1 Unit** - 12*3200 Guillotine (Plate) Shearing Machine
- **1 Unit** - Automatic Electric Shaft Threading Machine 5mm- 65mm
- **1 Unit** - Electric Pipe Threading Machine ½"- 4"
- **2 Units** - Electric Pipe Threading Machine 4" to 6"
- **1 Unit** - Hydraulic 4 Roller Plate Rolling Machine
- **16 Units** - Welding Machine 250W – 600W
- **4 Units** - Mig Welding Machine 400W
- **13 Units** - Welding Generators 5k-15k
- **4 Sets** - Bar Bending and Cutting Machine
- **15 Units** - Steel Cut Off Machine
- **15 Units** - Drill Machine
- **6 Units** - Magnet Drill Machine
- **2 Units** - Stand Drill Machine
- **2 Units** - Hydraulic Hacksaw
- **5 Units** - Gas Cutting
- **1 Unit** - Groove Cutting
- **1 Unit** - Lathe Machine
- **2 Units** - Tile Cutting
- **52 Units** - Angle Grinder

Wood Workshop Machinery

- **1 Unit** - Hydraulic Cold Press
- **4 Units** - Gauge Machine
- **2 Units** - Planer Machine
- **3 Units** - Spindle Moulder Machine
- **2 Units** - Sliding Table Saw
- **2 Units** - Circular Saw Machine
- **3 Units** - Slider Circular Saw Machine
- **1 Unit** - Blade Shape Machine
- **1 Unit** - Belt Sanding Machine
- **1 Unit** - Drill Machine
- **1 Unit** - Air Compressor Machine
- **1 Unit** - Chisel Machine
- **1 Unit** - Double Head Slotting Machine
- **1 Unit** - Blower
- **3 Units** - Wood Router
- **2 Units** - Jigsaw Machine
- **2 Units** - Concrete Drill Machine
- **5 Units** - Ordinary Drill Machine
- **2 Units** - Sanding Machine
- **1 Unit** - Circular Saw Machine
